

There in Heaven

Lyrics by Berman Ng

Tears in Heaven by Eric Clapton

Would you know my stroke
When we see you in heaven
We are DMax folk
And we'll see you in heaven
Stay down and grind, keep this in mind
And our thrust will be just fine, there in heaven

Would you steer our boat,
When we see you in heaven
Just to keep us afloat
When we see you in heaven
We'll find a place, you'll set the pace
Cause I know we'll want to race, there in heaven

You left us too soon, but we carry on
You're in our hearts as paddle along ...paddles up!

Beyond the door, there's peace I'm sure
And the pain will be no more, there in heaven

Would you coach our team
When we see you in heaven
Paddling is our dream
When we see you in heaven
We'll paddle strong....and reach out long
And your voice will be our song, there in heaven
